Skills for Health and Research Professionals (SHARP) Training

See individual event details

Columbia University Mailman School of Public Health - Skills for Health and Research Professionals (SHARP) Program

Registration is now open for 30 hands-on summer boot camps designed for health and research professionals from any organization and all career stages! Learn immediate take-away skills directly from the experts over 1-4 days this summer. Training formats are either in-person in NYC, livestream, virtual over Zoom, or a hybrid mixture. See training topics and dates below, and check out the official flyer with all 2024 topics to share with your colleagues.

May 30, 2024

The Conference Playbook: Strategies for Presenting, Networking, and Managing Expectations

11:00 AM - 12:00 PM Eastern Daylight Savings Time

This seminar is an essential guide for conference attendees seeking to maximize their experience and to get the most out of a conference. The panelists will share tips and personal anecdotes about how to have impactful presentations, build connections, and prioritize self-care to ensure a well-balanced conference experience.

June 5, 2024

- June 7, 2024

ISEE Europe Young and Early Career Researchers Conference

Time TBD

This meeting offers an outstanding opportunity for researchers in environmental epidemiology to exchange ideas, foster scientific collaborations, meet new and old colleagues from the field, and of course, have a nice time!

June 23, 2024

- June 26, 2024

ISEE-AWPC & ISES-AC Joint Conference Unveiling the Impacts of Climate Change on Health

Time TBD

June 24, 2024

Better Presentations Webinar

12:00 PM - 01:00 PM EST

Slide presentations are common for presenting science, but some researchers find it difficult to create compelling, easy-to-understand slide decks for non-scientist audiences. This webinar will offer guidance on best practices for structuring slide presentations, selecting color schemes and providing messaging advice.

July 22, 2024

SCN's Social Media for Scientists 101 Webinar

12:00 PM - 01:00 PM EST

This webinar will focus on the basics of being a scientist on social media with the goal of maximizing both comfort and credibility on platforms such as X, Threads and LinkedIn.
