

Ahmedabad University is an equal opportunity employer and is committed to diversity among its students, staff and faculty. Applications of qualified persons from underrepresented groups regardless of ethnicity, gender, religion, disability or similar status are strongly welcome. We offer competitive compensation and benefits and provide full support for overall professional and personal growth.

**Bagchi School of Public Health at Ahmedabad University invites applications and nominations** for the positions listed below.

**Associate Dean:** The role of the Associate Dean will be to work with the Dean to provide visionary leadership in planning, developing and overseeing academic and research programmes, and other initiatives and key activities of the School.

**Qualifications and Experience:**

- PhD or equivalent degree in a key public health discipline.
- A medical background will be a plus.
- Associate or Full Professor at a reputed public health institution.
- A distinguished record of scholarship, demonstrated excellence in higher education, research, or public health practice in a leadership capacity.
- A successful track record of securing external funding and impactful peer-reviewed publications.

**Assistant / Associate / Full Professor**

**Qualifications & Experience:**

- PhD or equivalent degree (e.g. DrPH, ScD), preferably in one of the following focus areas: (a) Environmental health (focus on climate change, and water quality); (b) Epidemiology (focus on lifestyle and/or environmental factors); a medical or paramedical background is highly desirable; MD is a plus but not a substitute for PhD. (c) Applied Biostatistics. (d) Data Science/Artificial Intelligence with health and/or environment-related interests.
- Minimum of one year of experience, publications, including first-author publications in reputed journals, and some pertinent teaching experience.
- Proven track record of getting external funds will be preferred, especially at Associate and Full Professor levels.
- Ability to promote interdisciplinary research and contribute to translating research into action would be a plus.

**How to Apply:** Interested and eligible candidates are requested to send their updated CV, and a cover letter delineating how their qualifications and experience make them a good match for the Bagchi School of Public Health. They may also include one publication as an example of their scholarship, and a statement of future goals for research, teaching, and other public health initiatives, in the context of the Bagchi School of Public Health (maximum length, 1000 words).
