UC DAVIS
VETERINARY MEDICINE

Associate/Full Professor of Teaching in Epidemiology

Department of Medicine and Epidemiology

Department of Population Health and Reproduction

Position Overview: The School of Veterinary Medicine at UC Davis seeks an interdisciplinary Associate/Full Professor of Teaching in Epidemiology to advance its veterinary education and research mission through pedagogy of epidemiology in veterinary sciences. Professor of Teaching faculty are Academic Senate faculty members whose expertise and responsibilities center on instruction in epidemiology, and scholarly activities in epidemiology or involving pedagogy. The appointee is expected to lead five to eight courses per year as relevant to the School of Veterinary Medicine in professional, graduate, and/or undergraduate programs.

Qualifications: An advanced graduate degree (PhD required) in epidemiology or related field, with experience in teaching as a lead instructor, is required. A veterinary medical degree (DVM or equivalent) is preferred. The successful candidate must have expertise in epidemiological methods and biostatistics. They must demonstrate successful application of epidemiology in collaborative settings involving topics such as disease surveillance, disease ecology, causal inference, risk factor analyses, clinical algorithm development, population health study designs, intervention evaluation, etc. Competence in an appropriate programming language (e.g. SAS, R, Stata) is required. A documented scholarly record or potential to develop innovative scholarly activities in epidemiology and/or pedagogy is required. Demonstrated excellence in teaching is required, as is evidence of competence in teaching and engaging students with gaps in traditional mathematics training. Evidence of leadership skills is required. The individual must possess excellent interpersonal and communication skills, and a demonstrated ability to work with others in a collegial atmosphere.

Salary Range: \$202,200 - \$338,300. Other components of pay may be offered when necessary to meet competitive conditions, qualifications, and experience.

Apply by: January 5, 2026
